C. Update from the Mayor

Mayor's Report: 14 January 2019

Happy New Year to Everyone.

How beautiful the City was as it snowed over the weekend and how pretty it is snow covered now. Thank you Department of Public Works for keeping the streets open.

We start another year as the City of Annapolis City Council and can look forward to opportunities and solutions.

- **We are starting a new relationship with the County Executive and County Council following the November elections.**

- **We hosted a successful reception with MML to greet new and returning legislators to Annapolis. We look forward to strong relationships with the State Legislative leadership, and newly elected State Senators and Delegates. And we look forward to working with the Governor and his staff.**

- **The Naval Academy has appointed a new Commandant and sadly, Annapolis friend Admiral Ted Carter will be leaving in the next 6 months. With new leadership we will have a fresh start to continue to cement that tie.**

- **We will continue the relationship with St John's College hopefully with "town and gown" events.**

As a Council, we are now all experienced Members. Those of us who were elected in 2017 are now able to take on new ideas and directions confidently.

- **We took time to talk to each other in our retreat so that we can start this year working together to solve problems the residents want us to solve.**

- The ULI produced a plan that proves that we are all on the same page. We have teamed up with Historic Annapolis to work on a beautiful City Dock redesign and are committed to getting something done.
- We are on track to have an excellent environmental record.
- We plan to be a leader in resilience by building and financing the necessary infrastructure.
- Economic development requires us to think broader and think in terms of the future needs of our historic city and technology available to meet those needs.
- We will complete paths to get Annapolis moving by biking, walking or running. (maybe not down Main Street)
- We all now talk about “One Annapolis” and we are all committed to everyday trying to take steps forward to get there. We will expand the tent to include all of the diversity of Annapolis.
- Even though the election said “no” to development, we understand the need for workforce housing. We will address housing needs for everyone.

This is my brief but enthusiastic look at the New Year. We have a big agenda, but I would say to my fellow Councilors, we are up to this task.

D. Presentation on the Anne Arundel County Board of Education, Superintendents Recommendations to the FY2020 Budget, 2019 Legislative Program and the 2009-2010 Comparison with 2018-2019 - Ald. Finlayson

Presented.
