B. Update from the Mayor

Mayor Gavin Buckley, City Council Remarks
7 p.m. - October 25, 2021 City Council Chambers

Good evening everyone!

This is the last meeting of this group of City Council members for the City of Annapolis. On behalf of the residents, I want to thank you, my fellow City Council members, for your service in what can be a fulfilling but also frustrating role as a decision maker for this City.

Tonight is the last night for Alderman Fred Paone who is retiring from his public life on the Council after tonight. We will have more to say at the end of tonight's meeting, but I want to acknowledge Fred's role in overseeing issues of importance to Ward 2 residents. Thank you Fred!

==

It's appropriate to remind everyone that the last day to put your ballot in a drop box or have it postmarked is ONE WEEK from tomorrow. You can also vote at your local polling place Nov. 2 from 7 a.m. to 8 p.m.

==

We got some good news from the State of Maryland on City sewage treatment plant. Our plant is so efficient and environmentally friendly that we got a \$630,000 grant from the state of Maryland.

We share this plant with the county and this infrastructure investment has shown to be not only better for the Bay, but with this money it will be better for taxpayers too. This grant money will help us to maintain and make future improvements while at the same time

holding the line on potential future rate increases.

==

Last week, we issued the City's Neighborhood Safety Plan and released some police data on crime. The good news is that crime is at an all time low, following a trend we have seen over the last three decades.

The bad news is that there is still crime happening and we are working with police and community stakeholders to make further improvements. The plan involves four pillars: prevention, community relations, accountability and enforcement.

We are also making investments including a \$1 million investment in upgrades to security cameras and working to hire and fill those empty police jobs.

But the most important investment we make is in people. Yes, we are making investments in personnel, but also in programming to keep people out of a cycle of crime and incarceration. Programs to strengthen communities - youth programs and reentry programs, substance use and abuse and violence interruption.

The neighborhood safety plan is on the Mayors page of the City website at www.annapolis.gov.

==

The ward boundaries committee has started meeting. This is the role the city will play in redrawing the map for the state redistricting process after the 2020 Census. I want to thank the group for this work. They're all volunteers and we appreciate this effort.

==

We dedicated Fowlkes Park on Friday. I want to congratulate Lloyd and Gilda Fowlkes and thank them for their civic contributions over the years. These kinds of pocket parks can help residents have a better quality of life by giving us outdoor spaces and places for recreation and gathering. Since the pandemic, we have all learned how important these public spaces truly are.

==

Reminder! Day of the Dead is this Saturday at Maryland Hall 5 to 10 p.m. on Oct. 30. This event is free and open to the public with live music, face painting, food trucks, and an altar for the community. We look forward to seeing you there!

==

Halloween - Sunday is Halloween. We will probably see the familiar return to trick or treating in neighborhoods across the city. Please be on the lookout for little ones and drive with extra care on Sunday evening. And parents, don't forget flashing shoes and reflective tape to help make your children more visible at night!

==

Breast Cancer Awareness - over the weekend, we lit City Hall pink for breast cancer awareness month. I was so pleased to see many city staffers in pink on Friday. Tonight I'm wearing pink too to bring awareness to and to recognize those in our community who have fought breast cancer.

One in 8 women and 1 in 800 men will be diagnosed with breast cancer in their lifetime. Early detection is key to saving lives. The pandemic made many women postpone this important screening. Put it off NO longer! October is Breast Cancer Awareness Month!
