TITLE 22 - ADEQUATE PUBLIC FACILITIES

Chapter 22.28 - MITIGATION

Section 22.28.020 - Process.

- A. Mitigation consists of the construction or funding of improvements to onsite or offsite public facilities by an applicant that increase capacity or safety on each public facility that is below the minimum standard so that the capacity or safety of the facility after mitigation will be equal to or greater than if the proposed project had not been developed.
- B. To determine the appropriate forms and levels of mitigation, an applicant shall consult with the department responsible for review and assessment of each facility that would be deemed inadequate. Once the applicant and the department agree upon the forms and levels of mitigation that will offset the impact of the project upon the facility, the applicant shall enter into a mitigation plan on terms and conditions acceptable to the Department of Planning and Zoning in consultation with the Office of the City Attorney LAW. The mitigation plan shall require the applicant to provide the mitigation agreed upon and in return the Department of Planning and Zoning shall determine that the facility or facilities will be adequate for the project.
- C. If a department finds that a facility is or would be inadequate as a result of more than one proposed project, the department may apportion the responsibility and cost of mitigation among all contributing projects, which apportionment shall be reflected in the applicable mitigation plans.
- D. Each mitigation plan shall be approved by the Director of Planning and Zoning as well as the department responsible for the facility for which the mitigation plan approval is sought. If a facility would be inadequate for a project, and if the project and the applicant are unable to agree upon acceptable forms and levels of mitigation for the facility such that no mitigation plan is entered into by the applicant, the department shall determine that the facility is inadequate to support the project and shall forward a written copy of such findings and explanation to the Director of Planning and Zoning.
