Section 14.16.030

Chapter 14.18

WHEREAS, special events in the City of Annapolis provide cultural enrichment, promote economic vitality, and enhance community identity and pride; and

WHEREAS, the City recognizes that an over-saturation of special events in or around a single location such as City Dock can disrupt regular business, disturb local residents, and curtail long-range community economic interests; and

WHEREAS, special events have varied impacts on residents and businesses in the City and those impacts differ by the special event's location, size, duration and required resources; and

WHEREAS, the City encourages holding special events in all areas of the City at varied times of the year so that all areas may reap any positive benefits associated with special events; and

WHEREAS, City Dock is historically significant and has been developed as a commercial center and civic gathering place for all residents of the City. Since City Dock has unique logistic and operational constraints, the proposed ordinance details certain permitting conditions and processes that apply to Major City Dock Events; and
