Why are you interested in serving on a board or commission?

Public Service, as a career or volunteer activity, has been the core of my adult life. As an Annapolis resident for nearly 2 years, we live with one car. I love all the services and public amenities our city offers citizens, but, I also struggle to reach each spot through mass transportation. I would like to serve in some volunteer capacity to help form the future transportation vision and operationalization for the city.
