Statement of interest – Why should you be appointed to this board/commission?

I am interested in being a part of this commission/board, because I am currently taking care of my 94 year old father with little to no help and because he receives what society calls too much money from retirement and social secuity. Prior to him I cared for my mother and in my early age took care of a great aunt.

Careing for loved ones is not easy and with little to no resources does not help.
