

FISCAL IMPACT NOTE

Resolution: R-2-25

Title: Demonstration Program to Build Green Roofs on City Bus Shelters

Date: January 8, 2025

This resolution requires the City Manager to establish a demonstration program to evaluate the feasibility and effectiveness of five green roof bus shelters. According to the Deputy City Manager, green roof bus shelter costs depend on the size and the complexity of the design. This program will cost the City approximately \$5,000 for the installation of the shelters only.
