Statement of interest – Why should you be appointed to this board/commission?

Annapolis Education Commission (AEC)

I feel that an individual's educational experience can change their life. As a teacher in Anne Arundel County for 41 years, I have worked in various schools and I have seen the inequity in the county. The Annapolis area schools need advocates to help them get what they need so the students that attend these schools have a quality and equitable educational experience despite the trials and tribulations of their home environment.
