Why are you interested in serving on a board or commission?

I am interested in expanding my board service experience. I have gained several skills over the years, allowing me to serve others in various capacities. I am a mathematician by trade. I love numeracy. I have a background in financials and training in budgeting and reading/creating financial statements. I have served as an election judge (including chief election judge) for many years in both PG and AA counties. I have been an educator since 2008. I have taught at the middle, high, and collegiate levels. My experience and knowledge will be beneficial to any board/commission that I serve on.
